

# Routeing Guide Easements

**An easement which extends permission is a positive easement. An easement which narrows permission is a negative easement. Map, double-back and fare route easements are always positive. Circuitous route easements are always negative. Other kinds of easements can be positive or negative. A journey which follows a route otherwise permitted by the Routeing Guide may be forbidden by a negative easement.**

### Positive Easements

| Easement | Category       | Description  |
|----------|----------------|--|
| 700523   | Routeing Point | Passengers travelling from Theobalds Grove; Turkey Street; Southbury; Enfield Town; Bush Hill Park; Edmonton Green; Silver Street; White Hart Lane and Bruce Grove, via London Kings Cross or London St Pancras International, may travel via Seven Sisters. This easement applies in both directions.   |
| 700524   | Routeing Point | Passengers travelling from Norbiton via Wimbledon may travel via New Malden. This easement applies in both directions.   |
| 700525   | Routeing Point | Passengers travelling from Margate; Broadstairs and Dumpton Park via Canterbury West may travel via Ramsgate. This easement applies in both directions   |
| 700526   | Routeing Point | Passengers travelling from Bracknell via Reading may travel via Wokingham. This easement applies in both directions  |
| 700532   | Routeing Point | Passengers travelling from Goring on Sea via Hastings to Maidstone East on tickets routed 'not via London' may travel via Ashford International  |
| 700538   | Routeing Point | Customers travelling from Market Rasen to destinations beyond Peterborough may use Lincoln as an applicable Routeing Point. This easement applies in both directions. This easement overrides the Fare Check Rule.   |
| 700542   | Routeing Point | Customers travelling using Route "Not High Speed" from London Terminals or via London Terminals to Shoreham or Eynsford may use Otford as an applicable Routeing Point. this easement applies in both directions. This easement overrides the Fare Check Rule  |
| 700545   | Routeing Point | Customer travelling from Derby, Long Eaton and Spondon may travel to Syston, Barrow upon Soar and Sileby via Leicester on toute 'Any Permitted'. This easement overrides the Fare Check Rule and applies in both directions.   |
| 700547   | Local          | Customers travelling to Leyton Midland Road from or via London St Pancras may travel via London Underground without passing through the Routeing Points of Leyton Midland Road.  |
| 700548   | Routeing Point | To allow Skipton to Inverness & beyond via East Coast using fare route EC & Connections (00430) or XC & Connections (00439) this positive Routeing Point easement has been deployed to over rule fares checking in Journey planning systems. This easement applies in both directions  |
| 700550   | Routeing Point | To override Fare Checking in Journey Planners that restricts journeys from Bognor Regis when no fare exists (for example Bognor Regis to Amersham); this positive Routeing Point easement will allow journeys to/from Bognor Regis via Horsham to use Ford as an Origin Routeing Point. This easement applies in both directions.  |
| 700551   | Local          | Customers travelling from Frodsham to Winsford may travel via Chester and Crewe. This easement applies in both directions.   |
| 700552   | Doubleback     | This positive Doubleback easement has been published to allow customers travelling from North Wales and Chester to Scotland via Manchester and onward on First TransPennine Express (FTPE) services to travel to Manchester via Eccles. FTPE services are also routed through Eccles. This easement will allow interchange at Manchester Piccadilly and Manchester Oxford Road. This easement applies in both directions |
| 700560   | Routeing Point | Journey Planners are denying journeys from Ingatestone to March. The journeys are denied because the NFM64 fares check reveals that tickets were more expensive from Witham to March than from Ingatestone to March. As a result, journeys via Witham are denied. This positive Routeing Point easement will override the fares check and allow the journey. This easement will operate in both directions of travel.    |
| 700564   | Routeing Point | This positive routeing point easement will override fares checking which is preventing journeys being offered via Staines on tickets routed 00486 AP EMT & Connections. This easement applies in both directions   |
| 700571   | Doubleback     | This Positive Doubleback easement will allow Journey Planners to show itineraries between Chester/Hooton and Sandhills (a station within the G18 Liverpool Routeing Group), where the journey from the Origin station travels through Moorfields to Liverpool Central and then doublebacks through Moorfields on the second leg of the journey to the Destination station. This easement applies in both directions.     |
| 700584   | Routeing Point | This positive Routeing Point easement will override the Fare Checking rule which is preventing a Journey Planning system from finding journeys between Lockerbie and Milton Keynes Central. This easement will apply in both directions  |
